// RESUME

// EDUCATION

University of Illinois at Chicago

Master of Architecture

Chicago, Illinois

2013 - 2016

Wentworth Institute of Technology

B.S. in Architecture

Boston, Massachusetts

2007 - 2011

// CREDENTIALS

NYS Registered Architect

License No: 043701

AIA

Member ID: 38584947

// SPECIALIZED SKILLS

Software: Revit, Rhino, SketchUp, AutoCAD, V-Ray, Enscape, Photoshop, Illustrator, InDesign, Bluebeam, Word, PowerPoint, Excel, Teams, Newforma, GoToMeeting, WebEx

Physical Capabilities: Model-making, Casting Concrete and Plaster, 3D Printing, Wood-working, Laser Cutting, Hand Rendering, Drafting, Sketching

// ARCHITECTURAL EXPERIENCE

Kostow Greenwood Architects // Project Architect // New York, New York

08/2021 - Present

5 World Trade Center - Amenities, exp. 2028 - Project architect working with KPF to coordinate the 55,000 sf of amenities floors for the 1.3m sf mixed-use residential and office tower.

H3 / Arquitectonica // Architect // New York, New York

03/2018 - 08/2021

Staten Island Museum, exp. 2024 - Project architect for 20,000 sf, \$9.95m historic renovation starting from early concept design to current end of Design Development. Building is NYC Landmark and listed on National Register of Historic Places. Two-phased project includes climate-controlled storage rooms with high-density mobile shelving, exhibition spaces, classrooms, and completely new MEP/FP systems. Designed in Revit, reports compiled in InDesign, multiple iterations of cost estimates and value engineering. Coordination between client, NYC Department of Design and Construction, and consultants. Process following DDC's Design Consultant Guide.

Gulfshore Playhouse, exp. 2023 - Project architect for 56,000 sf, \$45m new theatre for Naples, Florida, with 350-seat main theatre, 125-seat black box studio theatre, two rehearsal spaces, a full costume shop, and an educational wing. Responsible for coordination of main theatre and studio theatre with consultants. Designed double-curved elements in Rhino and imported to Revit for documentation. Developed construction details. Currently at the end of CDs, going through permitting.

Holzman Moss Bottino Architecture // Architectural Designer // New York, New York

06/2016 - 02/2018

Center for the Arts in Crested Butte, Colorado, 2019 - Project architect for 33,000sf, \$12.8m expansion, beginning in Design Development to Construction Administration. Coordinated a flexible 300-seat theater with retractable seating and hydraulic platforms, an updated outdoor stage, two art studios, two performance studios, and a visual arts gallery. Designed in Revit and corresponded with CM through Newforma. Prepared presentations for Board of Zoning and Architectural Review. Coordinated and participated in GoTo meetings with client and consultants.

Scrafano Architects // Intern // Chicago, Illinois

04/2014 - 05/2016

Private Residences - Renovations and new builds from as-built on-site measuring to construction documents. Modeled proposals in SketchUp, documented drawings in Vectorworks and AutoCAD, prepared bid and permit sets for city review.

LMN Architects // Intern // Seattle, Washington

05/2015 - 08/2015

Washington State Convention Center, 2022 exp. - 1.5m sf, \$1.6b expansion. Design Development. Modeled context buildings in Rhino, set up laser-cut files and built physical 9-block site model at 1/16" scale.

Elkus Manfredi Architects // Junior Designer // Boston, Massachusetts

11/2011 - 07/2013

The Shops and Restaurants at Hudson Yards, 2019 - 1m sf retail mixed-use, \$25b development. Schematic Design. Plans in AutoCAD, rendered in Photoshop, modeled designs in SketchUp for 3D views, calculated areas, and created diagrams.

Willetts Point in Queens, New York - Schematic Design.

Sowwah Central on Al Maryah Island in Abu Dhabi, 2017 - Schematic Design.

Faneuil Hall in Boston, Massachusetts - Conceptual Design.

Behnisch Architekten // Intern // Los Angeles, California

08/2010 - 01/2011

University of California, Berkeley's Maximino Martinez Commons Student Housing, 2012 - 141,998 sf student residence hall. Construction Documents. Details in AutoCAD, LEED diagrams in Photoshop.

Behnisch Architekten // Intern // Boston, Massachusetts

01/2010 - 05/2010

University of Baltimore's John and Frances Angelos Law Center, 2013 - 192,390 sf law center. Design Development. Revit and AutoCAD drawings, Photoshop renderings.

Amherst College's New Science Center - Competition and Schematic Design.
